Project Management Office Lead

I. About the Youth, Technology, and Jobs (YTJ) Project

The Government of Jordan (GoJ) has received financing from the World Bank to implement the Youth, Technology, and Jobs (YTJ) project, which has become effective in April 2020. The YTJ project aims to improve digitally enabled income opportunities and expand digitized government services in Jordan. The project will build an impetus for private sector-led growth of the digital economy and make interventions to address specific constraints in the supply and demand sides of the digital economy. The project duration is five years. The Ministry of Digital Economy & Entrepreneurship (MoDEE) is the implementing agency of the YTJ project.

As part of Capacity Building and Knowledge Transfer efforts, MODEE is seeking to hire additional team members, The Digital Transformation Task Team (DTT), to provide long-term technical expertise to implement the Digital Jordan program, including specialists in business process re-engineering, digital payments, mobile applications, API design, and other skills. This digital transformation task team (DTT) will be responsible for overseeing, aligning, prioritizing, and implementing the e-transformation and digitization of government payments projects, sequencing their execution based on their dependencies, and liaising with ministries and agencies including the Central Bank of Jordan as needed. This team will also be responsible for quality assurance of private sector and consultant deliverables.

As part of the DTT Team, MODEE is seeking to hire a **Project Management Office Lead (PMO Lead)**, as per the following:

II. Responsibilities of the PMO Lead

The PMO Lead will oversee management, coordination, implementation and achievement of all activities, and provide necessary technical expertise, with strategic and operational leadership to ensure program objectives are met. In particular, the PMO Lead will:
